

APF Trading Pte. Ltd.
9 Battery Road
12F Straits Trading Building
Singapore 049910

Website:
www.asiapacfinance.com

APF Trading shares 50% of profits with our Partners. The most convenient way to promote APF products will be through a 3rd party payment processing company, called Clickbank (similar to PayPal). Being a ClickBank affiliate is completely free, and takes only minutes to sign up.

Simple overview of how ClickBank commissions work:

1. You create a customized HopLink for APF products. (HopLinks let ClickBank know who to reward for promoting a sale.)
2. You promote APF products online.
3. Customers click on your HopLink, and automatically get directed to <http://www.asiapacfinance.com>, then make a purchase on this webpage, or any other webpage on the website.
4. ClickBank processes the sale and gives you profit for promoting the sale.
5. Your commission is calculated based on the net sale price (see below) and credited to your account within two minutes of the sale.

How Commissions Are Calculated and Reported

When you drive a sale to APF products, ClickBank processes the sale, applies its charges, then calculates the commission rate based on the remaining net sale amount.

Here's an example of how much you'll earn on a one-time purchase product with our 50% commission rate:

Retail Price: \$100
Subtract Clickbank Processing Fee of 7.5% + \$1: -\$8.50
Net Sale Amount: \$91.50
50% of Remainder: \$47.75

Therefore, as a Partner of APF Trading for this sale, you would earn \$47.75.

Steps for Affiliates

1. Follow instructions here:
<http://www.clickbank.com/help/affiliate-help/affiliate-basics/get-started-as-an-affiliate/>
2. Create a Hoplink: <http://YOURCLICKBANKNAME.apflearn.hop.clickbank.net> which brings customers from your website to APF's Landing Page. Replace "YOURCLICKBANKNAME" with your ClickBank account name.
3. Place this Hoplink on your website, banners, or emails.

Testing Your HopLink

After you've created the HopLink, test it to make sure you'll receive commissions for sales you promote. Visit <http://www.asiapacfinance.com> then click the "Subscribe" button so you're taken to the ClickBank order form. If you scroll to the bottom of the order form, you should see [affiliate=yournickname].

Sales Notifications

Although Clickbank automatically credits payment to both vendors and affiliates, some affiliates prefer to receive a notification whenever a sale is made. Instructions for this: <http://www.clickbank.com/help/account-help/account-tools/instant-notification-service/>
